

DAY ONE - Wednesday 2 June | 09:00-16:00 BST

TIME	TITLE	SPEAKER
09:00	WELCOME	Nadine Bloxsome , Editor, Aluminium International Today
09:15	KEYNOTE: It Takes an Industry	Lord Gregory Barker , Executive Chairman, EN + Group
Followed by: LIVE Q&A with Lord Gregory Barker; via Zoom		
10:00	Identifying & Setting Priorities Through Road Mapping of Decarbonization Projects	Dr Trevor Bergfeldt , Global Director for Decarbonization & Sustainability, HATCH Stephan Broek , Director of Environmental Engineering & Technology, HATCH
10:30	Aluminium Recycling- A Catalyst for Greener Solutions	Trond Olaf Christophersen , Head of Recycling, Hydro
11:00	We Make Circularity Happen: The True Pathway to Carbon Neutrality	Andy Doran , Senior Manager- Sustainability and Recycling Development, Novelis
11:30	Greener Aluminium in the Net-Zero World- What Does it Take?	Jerome Lucaes , Marketing Director, Sustainability, RUSAL
12:00	Long-term Sustainability of the Aluminium Industry	Pernelle Nunez , Deputy Secretary General, Director- Sustainability, International Aluminium Institute
12:30	A Green Deal - A Meaningful Contribution to a Low-carbon Value Chain by HAI, Glencore and Century	Rob Van Gils , CEO Hammerer Aluminium Industries Ágúst F. Hafberg , SVP & Chief Commercial Officer at Century Aluminium Robin Scheiner , Head Aluminium/Alumina at Glencore International AG
BREAK		
14:00	Greener Aluminium: When Possibility Meets Reality	Edgardo Gelsomino , Head of Aluminium Research, Wood Mackenzie
14:30	Decarbonizing Aluminium: Technologies and Costs	Sharon Mustri , Analyst, Bloomberg
15:00	China's Decarbonisation and Impact on the Aluminium Market	Yanchen Wang Phd , Managing Director, SMM Global UK Ltd
15:30	Corporate Sourcing of Intermittent Renewables in Europe: How to Ensure the Growth of RES PPAs	Cillian O' Donoghue , Director, Energy and Climate Change, Eurometaux – European Association of Metals
16:00	Best Practice of Sensor Sorting for Aluminium Scrap Materials and its Qualities	Jörg Schunicht , Product Management & Key Account, Steinert

DAY TWO - Thursday 3 June | 09:00-16:30 BST

TIME	TITLE	SPEAKER
09:00	ASI and Responsible Sourcing	Dr Fiona Solomon , CEO, Aluminium Stewardship Initiative
09:30	Sustainability at the London Metal Exchange	Hugo Brodie , Vice President – Sustainability, London Metal Exchange
10:00	A Holistic Approach to Sustainable Aluminium	Gerd Götz , Director General, European Aluminium, Sandro Starita , Director Environment, Health, Safety & Sustainability, European Aluminium and Kelly Roegies , Communications Manager, European Aluminium
10:30	The Growing Demand for Greener Aluminium	Myles McCarthy , Director, The Carbon Trust
11:00	Will the Gains for Green Aluminium be Sustainable?	Melanie Williams , Sustainability Consultant, Melanie Williams Consulting
11:30	No Grey Areas: Towards a Genuinely Greener Global Aluminium Industry	Mike Clinch , Head of the Materials Development Group, Innoval Technology
12:00	Navigating Net Zero in Aluminium	Sandeep Jain , CFA, Senior VP and Global Consulting Lead for Power, Advisian, Jock Armstrong , Principal Consultant, Bauxite and Alumina, Advisian, Dr. Kerry-Ann Adamson , D.I.C., Manager, ACRIS, Advisian and Richard Fenton , Vice President Global Distributed Energy Systems and Networks, Worley Group / Advisian
BREAK		
14:00	How Digitization Will Help to Achieve Carbon Free Aluminium Making	Marc Gillis , Strategic Account Manager, Rockwell Automation
14:30	The Cast House of the Future: Eliminating Dross from Entering Landfill and the Electrification of Industrial Heating	David D'Aoust , Sales Manager – DROSRITE™, Pyrogenesis
15:00	Energy Transition and Higher Efficiency Lead to Sustainability	Petr Tlamicha , Combustion Segment Manager, Air Products and Dr Martin Lawrence , Combustion Development Specialist, Air Products
15:30	Intelligent Energy Management – A Way to Advance Decarbonisation and Secure a Sustainable Future Whilst Delivering Financial Benefits for Businesses	Wayne Muncaster , VP North America, Grid Beyond and Aidan Downes , Head of Client Solutions, GridBeyond
16:00	Energy Storage Within an Energy Intensive Industry	Nigel Dent , Connected Energy Project Manager, Connected Energy
16:30	Greener Aluminium - Advanced Sensor Based Sorting Technologies for Aluminium Scrap Recycling	Terence Keyworth , Segment Manager Metal Recycling, TOMRA
