ANODE SUPPLEMENT
The anode baking revolution

Rodding shop: Open for business

Carbon slipping into a black hole?

ARCHITECTURE
The age of aluminium

AUTOMOTIVE
Aluminium used in Jaguar Land Rover vehicles helps meet sustainability targets

Aluminium in automotive:
This is just the beginning
How lighter can be safer
Making way for modern aluminium
Bonding over technology
Right material: Right place
Enhanced safety through lightweighting
End of life scrap recycling of automotive sheet

CASTHOUSE
First Gulf Aluminium
Casthouse Conference
Securing safe metal flow
Compact casthouse
Sapa acquires casting plant
Re-melt expansion project

CHINA UPDATE
Year of the Goat
US and China address climate change

COATING
From chrome to chrome-free

COST MODEL
Benefits of using a technical process cost model

ELECTRONICS
Quality standards require special production technology
Aluminium and automotive: Together in electric dreams

EUROPE UPDATE
Action for Europe
Recycling matters for Europe
Sustainability roadmap

EXTRUSION
Adding value to the UK extrusion market
Reshaping the GCC aluminium downstream industry
Investing in extrusion

EVENT
11 AASTC REVIEW:
“Innovations, issues and solutions”
Aluminium Middle East
The Bright World of Metals
ESTAL Congress 2015

ENVIRONMENT
The struggle for energy efficiency
Bag failure detection to reduce dust emissions
Centuries old institution has a solution to a 21st century problem
EU emissions monitoring
An approach to metalworking fluids disposal
Cleaning up its act

FURNACES
Refractory considerations
Finding the right furnace
Thermal process optimization

GBR REPORTS
Special preview: A glimpse of GBR’s report on aluminium in the GCC

HEALTH & SAFETY
Workshop highlights UK safety
Safety in materials handling
Safety first

INDIA UPDATE
Industry recovery

INDUSTRY OUTLOOK
Downstream demand

INNOVATION
The ‘Innovation Challenge’

MIDDLE EAST UPDATE
GCC: ‘An aluminium Power House’
CRU Review – World Aluminium
Growth in the Gulf
Focus on the Gulf

PACKAGING
The growth of aluminium packaging in the United States
Aluminium packaging supports UK recycling

PERSPECTIVES
Granco Clark answers
Techmo answers
Urja answers
Rigaku answers

PRICING
Aluminium in a deflationary environment

PRIMARY
Hydro to become ‘Better, Bigger and Greener’
Modern aluminium
Sohar: Potline upgrade

Aluminium International Today
Spent potlining: A myriad of opportunities
Sept/Oct 17,18,20
Smelting success EGA DX + smelting technology selected for Alba expansion
Sept/Oct 22,23
An industrial ecology SPL solution
Sept/Oct 25,26,28

PROFILE (ASI)
Using initiative – Dr Fiona Solomon
July/Aug 16,17

RAW MATERIALS
Bridging the bauxite supply gap
March/April 24,25,26
EGA’s bauxite-alumina strategy
March/April 27,28
Balanced GTCs at the heart of aluminium production
March/April 30,31
Alumina refinery switches to natural gas
March/April 33

RECYCLING
Riding the wave of global automotive market growth
July/Aug 11,12

SAFETY
Safety first
Nov/Dec 35,36

SECONDARY
History and future of dross processing
Jul/Aug 25,26,27,28
Best practice in dross management
Jul/Aug 29
The value of scrap
July/Aug 30
A blast from the past
July/Aug 23,24

TRANSPORT & HANDLING
Handle with care
Jan/Feb 30
Handling the aluminium industry
Jan/Feb 32

TRUST UPDATE
Russia’s Turkish Delight
Sept/Oct 14,15

USA UPDATE
Joining forces
Jan/Feb 10,11
Association update
March/April 17
Scrapheap challenge
May/June 9
In the sustainability spotlight
